

GOPHER STATE ONE CALL

101 DEVELOPMENT RESOURCES, INC.
320-226.5189

www.101developmentresources.com

Before conducting any excavation (this includes deck footings and fence posts) in your yard, the law requires that you call Gopher State One Call to have utility lines located in your yard. Additional information can be found at <http://www.gopherstateonecall.org/>. Calls must be placed at least two business days before digging. Call 651-454-0002 or 800-252-1166 between 7 a.m. to 5 p.m., Monday through Friday.

When you call you must have the following information ready: your name, phone number, street address, dig location, nearest intersection, type of work, and start date and time. If you hire a professional excavator, they are responsible for contacting Gopher State One Call. Utilities will only locate services that they installed. You or a private contractor are responsible for locating such services as sprinklers, power lines to a garage, gas grill line, or invisible fencing.

APWA COLOR CODE CHART -- FOR MARKING UNDERGROUND UTILITY LINES
